## "IB Spotlight: Inspirational Figures embodying Learner Profile Traits"

Let's soar to new heights with **Mae Jemison**, an incredible woman who reached for the stars and made history! Mae Jemison was born in 1956 and dreamed of exploring space from a young age. She studied hard in school, becoming a doctor and later applying to NASA's astronaut program. In 1992, Mae's dream came true when she became the first African American woman to travel in space aboard the space shuttle Endeavour. During her mission, Mae conducted scientific experiments and inspired people all around the world with her bravery and determination. Mae Jemison showed us that with passion and perseverance, we can achieve anything we set our minds to. She continues to inspire future generations to reach for the stars and beyond!

### Transdisciplinary

#### *Cultural Awareness & Understanding*

International mindedness promotes the exploration and appreciation of diverse cultures, traditions, languages, and perspectives.

## Q&A

Ask Mr. C. about I.B.

Ask Me Anything!

Type Something...

Copeland Elementary is an IB World School. What does that actually mean?

Ask our IB-PYP Coordinator, Mr. Cordova...scan the QR code to ask your questions.

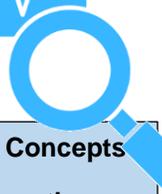

Parent questions will be highlighted here with answers.

## Cultural Awareness & Understanding

Cultural awareness and understanding are essential components of a student's educational journey. The IB PYP instills a deep appreciation for diverse cultures, traditions, and perspectives. Through inquiry-based learning, students explore their own cultural identities while learning to respect and embrace the richness of others'. By fostering cultural awareness, we nurture empathetic and open-minded global citizens who value and celebrate diversity. We are committed to creating an inclusive and harmonious community where every individual is respected and celebrated for their unique contributions.
