On the Go Routines: Literacy Learning on the Go

What is the On the Go Routines: Learning on the Go packet?

The On the Go Routines packet gives you a set of 50 literacy routine cards. The packet offers a variety of literacy skills: syllables, words in sentences, identifying rhyming pairs, generating rhyming pairs, beginning sounds, middle sounds, final sounds, short vs. long vowel sounds, digraphs, blends, manipulating sounds, stretching sounds, blending sounds, and onset & rime. Please note that the included skill order is merely a suggestion. You can rearrange the skills to fit your needs and scope & sequence. The packet allows you to teach important skills “on the go”. You will be able to ask the students these “quick” check-ins in the hallway, at circle time, or during guided reading group time. The packet includes two cover options. Option 1 allows you to color code the routine cards to the skills. Option 2 allows the routine cards to be printed on standard white paper. The routine cards are also available in an EDITABLE version. Click [HERE](#) to download the EDITABLE version. Be sure to click the white download arrow in the upper right corner to download the file to your computer.
