Room: 213

*"The best preparation for tomorrow is doing your best today"*

Welcome back! I am Mrs. Williams, your Biology Teacher for the 2022-2023 school year! I'm excited to have you! I hope you are just as ready for an amazing school year as I am. This school year, we will engage in many hands-on activities and assignments that will prepare you for the Biology End of Course Test but also make science relatable to your everyday life! As your teacher, I expect that you will give your very best each and every day! I look forward to working with you and can't wait to help you understand that *"Biology is Life"*

**Now let's get ready to rock and roll!**

## Keys to Success

-  Attendance
-  Attitude
-  Preparation
-  Engagement
-  Focus
-  Participation
-  Cooperation
-  Positivity

## Tools for Success:
